

## SEYI AMERICA—SN2 SERIES C-FRAME/GAP-FRAME PRESS

### Features

- Wintriss WPC 2000 control system meets or exceeds OSHA regulations, and is CSA and ANSI/UL certified
- Pneumatic high-torque combination wet clutch and brake provides low noise, long-life operation with minimal maintenance
- Rigid frame with minimal angular deflection
- Fast response with minimal angular deflection
- Fast response hydraulic overload protection system
- Automatic lubrication system with self-monitoring ensures operational reliability
- Full-length, high-precision six-point gibs for accurate slide guidance
- High accuracy transmission gear and high rigidity crankshaft ensures accuracy and long machine life
- Ross Crossflow dual valve meets category 4 safety standards
- Air counter balance system
- Motorized slide adjustment
- Die height indicator
- Programmable cam
- Six-digit preset counter
- Air ejector and outlet
- Variable speed main motor
- Mis-feed detector
- Portable Operator T-stand

### Options

- Light curtains
- PTO shaft
- Pneumatic die cushion
- Knockout bar
- Isolation mounts
- Tonnage monitor
- Die protection
- Automation controls
- Quick die change system

### Available Sizes

- 121 to 330 tons
